DECATUR, ILLINOIS:  
Thursday Evening, Sept. 9.

REPUBLICAN COUNTY CONVENTION.

The Republican voters of several countyships of Macon county are requested to elect delegates to a county convention, to be held at the Court House in Decatur, on

SATURDAY, SEPT. 14th,

at the hour of 10 A. M., for the purpose of nominating candidates for County Treasurer and Surveyor, to be voted for at the ensuing November election, and for the transaction of such other business as may properly come before the convention.

The basis of representation will be the vote cast for President in 1872, and each township of the county and voting district in Decatur will be entitled to one delegate for each fifty votes cast for Gen. Grant in 1872, and one delegate for each fraction of twenty-five votes. Under this basis the several townships and voting districts will be entitled to the following number of delegates:

Decatur—First district, 8; 2nd district, 5;

3rd district, 4; 4th district, 5;

Macon, 1; Illinois, 2; Marquette, 1; Long Creek, 2; Marion, 2; Blue Mound, 2; Friends Creek, 3; Mt. Zion, 2; Austin, 1; Macon, 2; Pleasant View, 2; Wheatland, 2; Hickory, 2; Oakley, 2; Whitmore, 3; Nauvoo, 2;

By order of the County Central Committee,

J. P. LYTTLE, Chairman.  
J. M. CLOKEY, Secy.  
Decatur, Ill., Sept. 9, 1875.

## "UNITED WE STAND."

The opposition in Wisconsin, although in a majority, are in a quarrel as to who shall be their candidates, and are likely to throw away their power in bickering and strife. Let the opposition elsewhere take warning and sink officemaking in the general good—in the effort for reform. The Republicans and workingmen had to disown the opposition, this is their plan of battle. Their efforts to this end are being put forth in Macon county. Their pliant tools, under false colors, claiming to be independents, are working either to divide our forces, or to nominate weak men.

In this way only do they hope for success. They know that incompetent men can easily be flattered into being ambitious for political honors, and that their friends will stand by them, not from real choice, but because of friendship; and hence they are getting professed independents, who will, however, vote the republican ticket at all events, to try to induce a variety of candidates to come out.

We trust our reform convention which meets next Saturday, will realize this work of the old party to thwart reform, and will gather to solid force, for good, competent, honest men, and be a unit, until we can elect them without fail.

*Decatur Tribune.*

We were well aware that there was trouble in the camp of the honest party, but did not expect to see such a public acknowledgment of the fact, nor such an insulting sling at those members of the party who formerly acted with the Republicans. However, the democratic organ need not be troubled in spirit, for the pure and honest ring of Decatur "farmers," which controls the highly moral reform party of Macon county, has the pine already set up. It has decreed not only who shall be delegates to the county convention, but has decided in its own immaculate wisdom whom the convention may nominate. Hurrah for "the movement" that was to take the control of county politics out of the hands of "the Decatur pups!" Hail to the party that was to tear in pieces every semblance of a ring, and inaugurate the reign of purity and honesty! Hurrah for the candidate whom the ring has set up! Draw off all your little roadside and schoolhouse candidates; adjourn all your club meetings, for the Decatur ring has taken all the trouble of nominating a ticket out of the hands of the working farmers, and fixed up the matter among the kid gloved agriculturists.

## GOLD IN TERRE HAUTE.

The Terre Haute Gazette of the 6th says Mr. E. Hale, who lives on Seventeenth street, in a fortunate man. Yesterday, in drawing up a bucket of water from the well on his property, he brought up a quantity of sediment, which, on close examination, was discovered to contain several glittering particles of some mineral which very much resembled gold. Of course Mr. Hale was much excited about the matter. He took the specimens to Dr. Swallow, who, after a close inspection, pronounced them gold. He also took the dust to the First National Bank, where three gentlemen connected with that institution examined it and pronounced their firm belief that it was gold. To-day the specimens will be sent to Prof. Cox, State geologist, for assay, and should his verdict be as favorable as that of others who have inquired into the matter, Mr. Hale will at once begin working the mine which he has been so fortunate as to discover on his property. The well passes through a vein of iron ore, and has been in use for two years. There is great excitement in the neighborhood, and should the metal turn out to be pure gold we shall expect to see the whole city turned upside down in a mad search for gold.

The following ticket was nominated for Secretary of State, Fred W. Seward; Comptroller, Gen. F. E. Spinner; Treasurer, Gen. E. A. Merritt; Attorney General, Gen. L. Danford; State Engineer, O. H. P. Cornell; State Engineer, Wm. E. Tandy; State Prison Inspector, Rev. Benjamin T. Lewis. Adjourned sine die.

EAST, Sept. 8.—The Democratic State Convention met to day. James W. Lewis was elected temporary chairman. Committees were appointed, and the convention adjourned until the afternoon.

On resembling Hendrick B. Wright was elected chairman. He made a speech, and said the Democrats favored hard money. [Applause.] They were not, however, in favor of a speedy resumption. [Very loud applause.] There was some skirmishing when it was announced that the report of the committee on permanent organization had been adopted, though the list of vice presidents and secretaries had not been read. The committee on platform adjourned to complete their work, and were granted until 8 o'clock.

It is now stated that the Bank of California will open the same time as the Bank of Nevada, about the 15th inst. The stock boards will be opened at the same time.

IDA LEWIS has been married and is divorced, the Rochester Democrat says, adding: "We are not informed as to which of the two was the most to blame, but it is a melancholy fact that women whose great purpose is to serve the public can never satisfactorily take care of one particular man. Perhaps this is not her fault; but the fact stands for all that."

### SUICIDE AT NIAGARA.

NIAGARA, Sept. 8.—Nearly fifteen hundred people are attending the Republican State Convention here to day. Hon. E. D. Morgan delivered the opening address. He said that the Democratic party having been successful in some of the recent State elections, believed that it was about to become invincible with the political power of the nation. A greater error is scarcely conceivable. He who controls the destinies of nations had kindly permitted Democratic friends to far off view of the promised land, but years of probation and reformation were necessary before they could enter.

Hon. Alonzo B. Cornell was then chosen temporary chairman, and delivered an address, in the course of which he said, "Last year the Democratic party blundered into electing an honest Governor; and, while I would not in the least detract from the good work in which the Executive is so zealously engaged, I denounce as false and hypocritical the pretensions of the Democratic party. The Republican party, through its Attorney General, inaugurated the war against the canal ring, and a Republican legislature proposed the constitutional amendments which were for reformatory purposes."

Committees were then appointed and recess taken.

On resembling G. W. Curtis was appointed permanent chairman. The platform declares that the Republican party should keep control of the country in consideration of the guarantee which its record affords; a just, generous and forbearing policy is demanded for the Southern States; the military power should be used only for purposes clearly defined in the constitution; it demands honesty, economy and efficiency in every branch of the government; a prompt investigation of charges and punishment of wrong doers; commands all officers who attempt a correction of abuses, and pledges their support, further inflation of the currency, under any pretense, would be a public calamity; all interests demand the speediest possible return to specie payments.

The whole subject of taxation should be carefully and wisely reviewed, to the end that its burdens be equally on all; declares opposition to a third term, while approving President Grant's services in the presidential chair; opposes all sectarian appropriations for schools, and denounces as a crime against republican institutions any division or perversion of the State school fund, the national administration deserves the gratitude of the American people, and adds last to the services in war of the distinguished soldier who stands at its head, for steadfast principle, its opposition to unsound financial projects, for its wise commercial and foreign policy, for correcting abuses and punishing offenders, and for enforcing retrenchment without boning or retarding.

The following ticket was nominated for Secretary of State, Fred W. Seward; Comptroller, Gen. F. E. Spinner; Treasurer, Gen. E. A. Merritt; Attorney General, Gen. L. Danford; State Engineer, O. H. P.
